Comment to response of the United States Docket No. MC2012-26

POSTAL SERVICE TO ORDER NO. 1366

Running a small business is sufficiently difficult without the government enhancing their advantage which will cause me to lose my business.

I oppose the:

- USPS using street identification in lieu of the PO Box designation; and
- USPS renters receiving private carrier packages.

And, the email notification service will be exceedingly labor intensive, which is an additional cost while the USPS alleges to be reducing expenses.

Furthermore, the regulatory burden on me, as a CMRA, for abandoned mail box holders who don't pay their mail box rent, requires that I send their mail, for which I pay, only to have it returned; so it is truly a tax on my operation.

It is also unfair for my box holders not to be able to file a change of address with the USPS when they relocate.

In addition to the above, if the USPS reduces their service from 6 days to five, the CMRAs should be included in Saturday delivery, the same as the USPS mail box holders.

The number one ( #1) complaint that I hear about the USPS from my customers is the ATTITUDE AND SERVICE of the Postal Clerks. Perhaps "attitude" should be the first enhancement, before you try to tax me out of business.

Respectfully,

Virginia Rousseau

Owner, Nassau Postal
